

**Recruitment of POSTDOCTORAL FELLOWS  
Department of Mechanical Engineering, IIT Bombay**

Basic eligibility criteria is available in institute website  
<https://www.iitb.ac.in/en/careers/institute-post-doctoral-fellows-recruitment>

**Other process required from our department:**

Please submit your applications by following all the instructions given below. If they are not completely followed, your application will not be considered.

If you meet all the criteria specified at (<https://www.iitb.ac.in/en/careers/institute-post-doctoral-fellows-recruitment>) then you need to identify a faculty member our department (<https://www.me.iitb.ac.in/?q=full-time-faculty>) who can potentially guide you and get in touch with him/her. In consultation with the potential guide you need to prepare a short research proposal with clearly defined objectives concerning the work that you plan to do here at IIT Bombay. Then you need to download and fill the application form. It is available at the following link.

<http://www.iitb.ac.in/en/careers/application-forms-faculty-positions-and-post-docs>

In your statement of objectives in the application form you also need to mention how you can assist in the department teaching activities and state names courses/labs that you can help with.

After all this is done, you need to apply by filling up the ME department online form ( link given below) where you will be asked to upload your application form, research proposal and three best papers clubbed into one single PDF file.
